2. SCHEME FOR CHOICE BASED CREDIT SYSTEM

The Choice Based Credit System (CBCS) adopted under Rashtriya Uchchatar Shiksha Abhiyan (RUSA), provides an opportunity for the students to study courses (from the prescribed courses) according to their choice. Under this system the courses are measured in terms of credits. Credit is a method to measure the volume of content, learning effort, achievement of learning and weightage of the course. The term credit refers to the weightage given to a course usually in terms of assigned instructional hours per week. For purpose of credit determination, one lecture or tutorial of one hour a week & practical of two hours a week is considered as two credits. The colleges affiliated to Himachal Pradesh University have adopted the new annual CBCS since the academic year 2018-19. In the present system a student is required to attain/secure 132 credits during the three-year degree course across

different courses / papers to become eligible for the award of under graduate degree.

OUTLINE OF CHOICE BASED CREDIT SYSTEM

Four types of courses are required to be studied by a student during his/her 3-year degree course.

1. **Core Course:** A course, which should be compulsorily studied by a candidate as a core requirement is termed as a core course. In this category 4 discipline specific courses two each for DSC-1 & DSC-2 and four courses of languages (2 of English & 2 of Hindi) are to be studied up to 2nd year.
 2. **Elective Course:** A course which can be chosen from a pool of courses and which may be very specific or specialized or supportive to the discipline/ subject of study or which enables an exposure to some other discipline/ subject is called an Elective Course.
 - **Discipline Specific Elective (DSE) Course:** Elective courses offered under the main discipline/subject of study are referred to as Discipline Specific Elective courses. In this category, 2 each for DSE1 & DSE2 are to be studied by a student.
 - **Dissertation/Project:** Introducing research component in under-graduate courses, dissertation/project work is considered as a special course involving application of knowledge in solving/analyzing/exploring a real-life situation/ difficult problem. A Project/Dissertation work may be given in lieu of a discipline specific elective course of 6 credits.
 - **Generic Elective Course (GEC):** An elective course chosen from an unrelated discipline/subject, with an intention to seek exposure beyond disciplines of choice is called a Generic Elective. In this category one each for regular courses are to be studied in 3rd year of the degree course.
- Note:** A core course offered in a discipline/subject may be treated as an elective by other discipline/subject and vice-versa and such electives may also be referred to as Generic Elective.*
3. **Ability Enhancement Compulsory Course (AECC):** The Ability Enhancement Compulsory Courses are mandatory for all disciplines. These courses are based upon the content that leads to Knowledge enhancement. They include (i) Environment Science and (ii) English / Hindi / Sanskrit.
 4. **Skill Enhancement Courses (SEC):** The Skill Enhancement Courses aim at providing hands-on–training, competencies, skills etc. and are value & skill-based. These courses may be chosen from a pool of courses designed to provide value-based and/or skill-based knowledge and contain theory and lab / hands-on-training/ fixed field work.
