

National Assessment and Accreditation Council (NAAC)

The institution is accredited by the National Assessment and Accreditation Council (NAAC) and has achieved a 'C' grade. This accreditation indicates that the institution meets certain standards of quality in education and overall institutional performance. The C grade reflects areas where the institution is performing adequately but also highlights opportunities for improvement. The institution is committed to enhancing its quality of education and addressing any shortcomings identified during the accreditation process to achieve higher standards in the future.
