Focus Areas of Workshop

✦ **Calculation of Tax**

✦ **E-return filing**

Dates and Venue

March 02 2024

Conference Hall & IT Lab,

Govt. College Jukhala

About Jukhala

Jukhala is a land of unique characteristics with panoramic view. Commitment to growth and living in harmony with nature for sustainable future are the core values of Government College, Jukhala. To follow these values in action and spirit, G.C. Jukhala came into existence in 2007 and since then it has been marking its way in academic excellence. It is situated at the base of the Bandala Range, with the river Pushpbhadra flowing close by. The college is a ten-minute walk through the fertile fields from the famous Rishi Markandeya temple which is known for the holy water spring having medicinal qualities. It is a general belief among the devotees that their pilgrimage will only be solemnized after taking bath in this holy water spring at Markandeya. The college was bestowed with one of the most modern and well-equipped buildings that came up in 2012 and made its presence felt by providing education to the students around the Danwin Valley. The valley is known for the cultivation of Maize, Rice, Wheat, Garlic and Ginger. Besides these, the area is known for Mango and Guava orchards. The campus of the college is spread on a vast stretch of land, consisting of sprawling lawns and a serene environment, and having half an hour's journey from the district head-quarter of Bilaspur town. The institution is NAAC accredited and affiliated to the H.P. University vide notification 1/347/2007-HPU (Acad), and at present offers various undergraduate courses in the faculties of Science, Arts, and Commerce.
