Structure of Under-Graduate Curriculum Framework

The UGCF is a structure for **four-year undergraduate programme** in different disciplines with multiple exit options. It offers two broad pathways after Semester II:

- **Multidisciplinary / Interdisciplinary Programme**
- **Single Core Discipline (Major with Minor) Programme**

Major Course Categories:

- Discipline Specific Core (DSC) – 4 credits
- Discipline Specific Elective (DSE) – 4 credits
- Minor Course (MC) – 4 credits
- Multidisciplinary Course (MDC) – 3 credits
- Skill Enhancement Course (SEC) – 3 credits
- Ability Enhancement Course (AEC) – 2 credits
- Value Added Course (VAC) – 2 credits
- Internship / Apprenticeship / Project / Community Outreach (IAPC) – 4 credits

7. Semester and Credit Structure

An academic year/session is divided into two semesters, each semester is of 6 months duration. In a Semester, a student will study DSC, DSE, MC, MDC, SEC, AEC, VAC & do I/A/P/C as well as dissertation/academic project in four-year programme.

During the vacation period, students are motivated for internships, apprenticeships, community outreach etc. This is particularly beneficial for students who plan to exit after two or four semesters of study.

i)Major Course/ DSC/Core:

This is the main subject a student wishes to study during their undergraduate course. It is the area of study that the student is most passionate about and may wish to pursue as a career. Students may be permitted to change their major within the broad discipline at the end of the second semester, providing them with ample time to explore interdisciplinary courses during their first year.

ii)Minor Course:

This is a secondary area of study that complements the student's chosen Major. Students who complete a sufficient number of courses in a discipline or an interdisciplinary area of study other than their chosen Major will qualify for a Minor e.g. 32 credits in case of four-year UG programme in a single Minor discipline. A student may declare their choice of Minor and vocational stream at the end of the second semester.

iii)Multidisciplinary Course:

All undergraduate students are required to complete three introductory-level courses relating to any of the broad disciplines. These courses aim to broaden the student's intellectual experience and form part of liberal arts and science education. Students are not allowed to choose or repeat courses already taken as their proposed Major and Minor stream under this category.

MDC must be selected from broad discipline/ pool of MDCs other than Major and Minor subjects.

iv)Ability Enhancement Course (AEC):

The courses aim to enable students to acquire and demonstrate core linguistic skills, including critical reading and expository and academic writing skills. Students will choose from Ability enhancement

Courses-English, Sanskrit or Hindi. **A maximum two languages courses can be opted for as Core and Minor, but then AECs should be in a language other than what is studied in DSCs/Minors.**

v) Skill Enhancement Courses (SEC):

These courses aim to impart practical skills, hands-on training, soft skills, etc., to enhance the employability of students. SEC Courses will be of 3-credits each and will be taught upto 3rd semester. Two SECs (SEC-1 & SEC-2) must be chosen from Discipline Specific Course (Core & Minor).

vi) Value Added Course (VAC):

These courses are designed to provide extra skills or knowledge beyond the standard curriculum, often tailored towards enhancing employability, promoting entrepreneurship, or developing personal and professional skills.
