7. SCHEME FOR CHOICE BASED CREDIT SYSTEM

The Choice Based Credit System (**CBCS**) adopted under Rashtriya Uchchar Shiksha Abhiyan (**RUSA**), provides an opportunity for the students to study courses (from the prescribed courses) according to their choice. Under this system the courses are measured in terms of credits. Credit is a method to measure the volume of content, learning effort, achievement of learning and weightage of the course. The term credit refers to the weightage given to a course usually in terms of assigned instructional hours per week. For purpose of credit determination, one lecture or tutorial of one hour a week & practical of two hours a week is considered as two credits. The colleges affiliated to Himachal Pradesh University have adopted the new annual CBCS since the academic year 2018-19. In the present system a student is required to attain/secure 132 credits during the three-year degree course across different courses / papers to become eligible for the award of under graduate degree.

OUTLINE OF CHOICE BASED CREDIT SYSTEM

Four types of courses are required to be studied by a student during his/her 3-year degree course.

1. **Core Course:** A course, which should be compulsorily studied by a candidate as a core requirement is termed as a core course. In this category 4 discipline specific courses two each for DSC-I & DSC-II and four courses of languages (2 of English

& 2 of Hindi) are to be studied up to 2nd year.

2. **Elective Course:** A course which can be chosen from a pool of courses and which may be very specific or specialised or supportive to the discipline/ subject of study or which enables an exposure to some other discipline/ subject is called an Elective Course.
 - **Discipline Specific Elective (DSE) Course:** Elective courses offered under the main discipline/subject of study are referred to as Discipline Specific Elective courses. In this category, 2 each for DSE-I & DSE-II are to be studied by a student.
 - **Dissertation/Project:** Introducing research component in under-graduate courses, dissertation/project work is considered as a special course involving application of knowledge in solving/analysing/exploring a real-life situation/ difficult problem. A Project/Dissertation work may be given in lieu of a discipline specific elective course of 6 credits.
 - **Generic Elective Course (GEC):** An elective course chosen from an unrelated discipline/subject, with an intention to seek exposure beyond disciplines of choice is called a Generic Elective. In this category one each for regular courses are to be studied in 3rd year of the degree course.

Note: A core course offered in a discipline/subject may be treated as an elective by other discipline/subject and vice-versa and such electives may also be referred to as Generic Elective.

3. **Ability Enhancement Compulsory Course (AECC):** The Ability Enhancement Compulsory Courses are mandatory for all disciplines. These courses are based upon the content that leads to Knowledge enhancement. They include (i) Environment Science and (ii) English / Hindi / Sanskrit.
4. **Skill Enhancement Courses (SEC):** The Skill Enhancement Courses aim at providing hands-on–training, competencies, skills etc. and are value & skill-based. These courses may be chosen from a pool of courses designed to provide value-based and/or skill-based knowledge and contain theory and lab / hands-on-training/ fixed field work.
